

**FIRST OFFICIAL CARS & COFFEE IN LONDON  
SEPTEMBER 16<sup>TH</sup>, 2017**

**CARS & COFFEE LONDON - BREAKFAST @ TOPAZ**

On September 16th, for the first time, London will host an official Cars & Coffee event. Following the success of the previous meetings in the Channel Islands and in Bath, the 2017 season of C&C events is proud to bring the unmistakable atmosphere of its events straight to the heart of the Capital.

It is going to be C&C's first meeting at breakfast, the perfect setting to come to the lively and rich automotive London scene and welcome our guest in a proper manner.

It will also be the launch of what will be recurring event in the next years, in the wake of the world-renowned April unmissable Brescia appointment where hundreds of dreamcars gather coming from all Europe, on Saturday September 16<sup>th</sup> super and hyper cars will meet and enjoy a glimpse at the Cars & Coffee lifestyle.

Invitations have already been sent: for this very special occasion only a limited number of places are still available and owners can request admittance from the organizer's page on [cars.coffee](http://cars.coffee). The programme, for this first presentation, will include activities reserved to car owners, their guest and selected members of the media

Cars & Coffee will be offering a morning hospitality in London and then, later, since nothing is better than letting such dreamcars speak on their own, the convoy will leave the quiet of the breakfast venue to stroll through the beautiful countryside.

This event is made possible by C&C global partner Michelin and local support by Topaz Detailing.

Members of the media can get in touch with C&C Press Office Manager:

Luigi Garella
